

## LED Museo Track Light

## Features & Benefits

- Various CCT options: 3000, 4000 and 6000K
- 80 CRI
- Great variety of optics offering 2 beam patterns
- Easy adjustability to ensure the right things are in focus
- RoHS compliant, mercury free
- Durable and reliable
- Compliant to photobiological safety standards
- No IR or UV radiation
- Easy to install & maintain
- Global track system compatible

## Applications

- Fashion
- Grocery
- Hospitality
- Architectural
- Exhibition

# Museo Track Light

Museo is a commercial tracklight utilizing LED Modules and Optics ensuring superior performance. With the great variety of module and optic choice, the Museo can be easily customised for it's specific purpose, without any additional tools required. The die cast aluminium lamp housing, Polycarbonate gear housing and arm ensures the durability, elegance and sophisticated appearance. The housing is available in two colors – white and black in order to fit the given environment.
